Announcing 'Watching The Well' by Jon Thorne

The second album release on the new Bandcamp label Two Tree Music

Watching The Well is a 12 part suite in 3 movements for double bass and orchestral ensemble, written by Jon as a feature for his mentor Danny Thompson. The music references elements of ECM inspired European jazz, classical, contemporary electronica and folk, featuring soaring strings, harp, electric guitar loops and choirs to create a unique backdrop for Danny's astonishing bass work.

"Powerful stuff that magnifies with each repeated listen, one of the most heartfelt and moving albums of the year." Jazzwise
